

Edmonton Bulletin.

VOL. VIII.

EDMONTON, ALBERTA, SATURDAY, NOV. 6TH, 1886.

No. 1.

LOCAL.

REV. PERE LACOMBE is at St. Albert.
C. STEWART left for Calgary Thursday.
TELEGRAPH line down since Wednesday night.

V. ANDERSON arrived on Monday with coal oil for Ross Bros.

ICE running freely in the river on Sunday morning last, the first of the season.

ICE was running briskly in the river on Sunday morning last. It soon cleared.

THE H. B. Co. have opened a store in Battle river settlement. F. Fortin in charge.

AD. McPHERSON and J. Carscaden of Carscaden & Peck, Winnipeg, arrived on Sunday evening.

BRADY & MANDEVILLE of the south side had a yield of 100 bushels of oats to the acre from five acres this fall.

D. McLEOD and Dr. Tulloch arrived from Blind river on Tuesday evening. Mr. McLeod was laid up with an attack of measles.

S. M. STARKEY, D.L.S., leaves for the south to-morrow. He has finished the survey of townships 50 in ranges 1 and 2 west of 5th.

LAFFERTY & SMITH's safes for their private bank at Edmonton are on the way in. The branches will be in charge of Mr. Christie.

PASSENGERS south by Thursday's stage—Master Thomas Douglas for Calgary and two policemen to be stationed at Barnett's stopping place.

At a meeting held on Thursday evening it was decided to celebrate St. Andrew's day, Nov. 30th, in Edmonton by a ball and supper.

F. PADMORE has opened a store in Colman's old place at Battle river. There are three stores on Battle river now along the Bow river trail—Padmore's, Meek's and Macdonald's.

FREIGHT for A. Macdonald & Co. this week. Green apples per Fred Shaw, a car load coal oil and a car load merchandise per Roger Bernard, Jos. Rabiscaw, Louis Gladu, Jean Burland and Baptiste Robertson.

E. J. COLLINS arrived on Saturday with miscellaneous freight, including sewing machines for Stewart & Bannerman, agricultural implements for G. A. Blake and general merchandise for A. Macdonald & Co.

REQUISITIONS asking Chief Factor Hardisty to become a candidate for the representation of Alberta in the commons are being circulated. He has consented to accept the nomination if accorded satisfactory assurances of support.

THE proceedings of the North-West Council are reported this session by J. J. Young for the Leader, C. F. Ewer for the Free Press, J. W. Powers, Manitoban and BULLETIN, G. B. Elliott, Sun, and the representative of the Regina Journal.

THE Calgary municipal elections were to come off on Wednesday last. The mayoralty candidates were G. C. King and John Lineham. Nine councillors were running for the four seats. None of the members of the former council were in the contest.

J. ASHEN's teams arrived on Monday with wire for the line to Saddle lake. They will deliver the wire from this end half way to Victoria. McPherson's carts are coming in from Beaver lake to commence where Ashen leaves off and continue the delivery to Saddle lake.

HIGH wind on Wednesday night. It blew down the Methodist belfry, shifted the roof of M. McCauley's stables, blew down the H. B. flag staff and a large portion of the fence of the fort, levelled a great deal of fencing and did considerable other damage of a minor character.

STAGE arrived on time Monday evening. Two teams, P. Campbell and W. McInnes; drivers. Passengers: To Blind river, Dr. Tulloch; to Battle river, W. Graham, contractor; to Edmonton, Dr. McInnis, Mr. Kunard, accountant for the H. B. at Edmonton; and Macdonald and Laroque, returning from taking the Bishop of Saskatchewan down the river.

A TIMBER wolf was shot on Thursday night of last week at S. Taber's place Ft. Saskatchewan by N. P. Nelson, which measured seven feet in length. Wolves have lately killed two sheep and badly injured a pig and a heifer near the same place. A wolf attacked the pig on Wednesday night, and Nelson went out with his dog and only one load in his gun. He fired to frighten the wolf, which dropped the pig and attacked the dog. The dog ran to his master for protection, the wolf following, and was only beaten off by the clubbed gun.

THE Montreal Trade Review and Trade Bulletin both speak of the probability of an upward tendency in the price of furs this winter, especially for the best qualities. The Review says the run is likely to be principally to be on mink, beaver, otter, raccoon and skunk. The Bulletin quotes as follows: Beaver per lb. \$3.50 to \$4.50; bear per skin, \$10 to \$15; otter \$9 to \$11; mink \$1 to \$1.25; martin \$90 to \$1; fisher \$5 to \$8; lynx \$3 to \$4; skunk 40c to 80c, rats 10c to 12c, red fox \$1, cross fox \$2. The Review's quotations are about 20 per cent. lower all around.

REV. MR. BRICK and Messrs. Lawrence, Minnie, Turnbull, and Walter arrived from Peace river on Saturday, coming in from the Landing with J. Coleman. The three latter went out from here last spring on a prospecting trip and spent the summer on the Peace in search of gold. The water was exceptionally high and they could not do much. Their impression of the mining prospects are not favorable. It might pay a person living in the country if provisions were cheaper, but it could not pay men to go in for one season's work. The whole party left for Calgary on Saturday with J. Walter's team.

JELLETT & OTTEWELL of Clover Bar settlement write to the BULLETIN that they had this fall 3,850 bushels of grain from 60 acres of land, a yield of over 64 bushels to the acre. The crop was divided as follows: Barley 50 acres, 3,000 bushels, 60 bushels an acre; Oats, white Sandwich, 6 acres, 684 bushels, 114 bushels an acre; wheat, white Russian, 4 acres, 116 bushels, 41 bushels an acre. There is no mistake about the figures, as the land was measured by Mr. Jellett, who is a surveyor, and the grain carefully cleaned and measured. They say they believe this to be the largest yield of oats ever heard of, the largest on record in Manitoba being 110 bushels per acre. They have about 400 bushels of the oats for sale.

THE act respecting North-West Territories representation provides that notices giving the place and day of nomination must be posted up in ten conspicuous places in the district at least fifteen days before the day of nomination. In the case of a general election the day of nomination must be the same as in the rest of the country. Nominations may be held at any time after the date of the proclamation and before two o'clock on the day of nomination. Any four electors may nominate a candidate by affirming to and signing before a justice of the peace or the returning officer a nomination paper in form provided in the act, to which must be attached the written consent of the candidate. The paper must be filed with the returning officer, together with a deposit of \$200. The receipt of the returning officer will be sufficient evidence of the nomination having been properly made. If the candidate is successful or polls half as many votes as the successful candidate the money will be returned to him. The elections must be held on the same day of the week as the nomination in the fourth week thereafter. The hours of polling are from nine to five o'clock, and the voting is open. The qualification of voters is stated as follows: Every person qualified to vote at the election of a member under this act shall be a bona fide male resident and householder of adult age, who is not an alien or an Indian, within the electoral district, and who has resided in such electoral district for at least twelve months immediately preceding the issue of the writ of election.

R. W. LAWRENCE, who took through the steam grist mill for the Church of England mission at Vermilion, Peace river, this summer, gives the following account of his trip. The outfit left Calgary on May 17th, with a portable Waterous engine weighing 4,000 lbs. and gristing machinery drawn by six oxen, and two bulls, a cow and a heifer. The engine was drawn by two yoke of oxen and the remaining yoke took the rest of the machinery. The outfit reached Edmonton on June 20th, miles in 16½ days travelling. Left for the Landing on the 4th and reached there on the 14th, 90 miles, 8½ days travelling. A long delay occurred at the Landing waiting for the H. B. boats. The boats started with the machinery on July 6th and reached the post on July 18th. The cattle were driven overland by the north side of the Athabasca and Slave rivers and Slave lake, leaving the Landing on July 1st and arriving at Slave lake post on August 1st. No extra difficulty was experienced with the machinery, but the driving of the cattle was difficult, as the country was chiefly timbered, there was no trail for the greater part of the distance, and the bull-dogs and mosquitoes were very numerous. The worst part of the drive was along the Athabasca. There the country was heavily timbered, there was no trail, no grass,

and the flies were worst. One of the bulls died in this part of the trip. Along the Slave river and lake there was plenty of grass there was plenty of grass and some Indian trails. At Slave lake post the engine was landed, the oxen hitched on and a start made for Peace river, 80 miles distant on August 2nd. The Peace was reached on August 9th, 6 days travel. Four of the oxen were left on the portage to bring forward the remainder of the mission goods. They had made four round trips up to October 9th. At the Peace river a raft 25x50 was made, on which was loaded the engine and five head of cattle. A start was made down the river on Saturday August 14th, and the mission at Vermilion was reached on the 19th. While going down stream the engine was put in running order and found to be complete and uninjured. Hay was excellent at Vermilion and on the mission property two miles above was twenty-five acres of first-class barley, but no wheat. There are some twelve or fifteen families residing in the vicinity, the total population being about eighty souls. The country is chiefly timbered, but some of the river flats are burnt off, and on them the soil is very rich. Vermilion is about 200 miles north of the mouth of Smoky river and about 400 in a direct line north by north-west of Edmonton. Mr. Lawrence left by canoe on Sept. 15th and reached the mouth of Smoky river on the 30th. He there joined Rev. Mr. Brick and the mining party and came out with them, arriving here on Oct. 30th. He left for his home in Shefford Co. Quebec on Wednesday.

NEW ADVERTISEMENTS.

PRIZE LIST.

FIRST ANNUAL MATCHES

EDMONTON RIFLE ASSOCIATION.

PROCLAMATION.

CANADA, NORTH-WEST TERRITORIES. (SEAL)

E. DEWDNEY, Lieutenant-Governor.

To all to whom these presents may come, or whom the same may concern,

GREETING:

Whereas His Excellency the Administrator of the Government of Canada has, by Proclamation dated the Twenty-fourth day of September ultimo, set apart Thursday the Eighteenth day of November next, and invited all His loving subjects throughout Canada to observe the same as a day of General Thanksgiving for the bountiful harvest with which the Dominion has been blessed this year;

Now know ye that we do hereby call upon all Pastors with their People and the Inhabitants generally of the North-West Territories to respond to this invitation of His Excellency and to observe Thursday the Eighteenth day of November next as a day of General Thanksgiving.

In testimony whereof we have caused the seal of the North-West Territories to be hereunto affixed. Witness, His Honor Edgar Dewdney, Lieutenant-Governor of the North-West Territories, at Government House, Regina, this 2nd day of October in the year of Our Lord one thousand eight hundred and eighty-six, and in the fiftieth year of Her Majesty's Reign.

By Command,

A. E. FORGET,

Clerk of Council.

THE EDMONTON BULLETIN is published every Saturday morning, at the office, Main street, Edmonton. Subscription—Two Dollars per annum. Advertising rates—Standing advertisements, two dollars a line per annum; transient advertisements, ten cents a line for first insertion and five cents a line for each subsequent insertion. FRANK OLIVER, proprietor.

EDMONTON BULLETIN, NOV. 6, 1886.

VOL. VIII.

With the present issue commences volume VIII. of the BULLETIN under more favorable circumstances than any of its predecessors. The difficulties and discouragements to be met with in conducting a newspaper at such a small and distant outpost of civilization as Edmonton has been for the six years of the BULLETIN's existence need only to be mentioned to be appreciated. During these years however the gap between the outpost and the main body has been lessened until now it is almost closed and Edmonton is beginning to lose rank as an outpost and take a position in the general advance. We at Edmonton take credit to ourselves that our enterprise in establishing and perseverance in holding this distant post has had no inconsiderable influence in inducing the advance that has taken place. And if by the main body of civilization finally catching up to us we are likely to benefit somewhat more than those who come after we are fairly entitled to do so. That the BULLETIN has done something to hold the settlement here by encouraging the people and upholding their rights and also—by disseminating a knowledge of the district and its people—something to draw the frontiers of civilization nearer, it makes bold to claim. It is a frequent complaint of pioneers that after fighting the battles of civilization for weary years they are unfitted to take advantage of or enjoy it when attained, and others reap the benefit of their difficulties and endurance. This is what we at Edmonton have now to face. We have spent many years in making the place. Can we hold our own now that it is made? Can we stand the competition of those who have been learning how to compete while we have been studying how to exist? Whatever may be or have been the experience in other places the people of Edmonton feel perfectly competent to hold their own let the advancing wave of civilization and progress roll over so high; and not only so but to take full advantage of its rise to better their condition. Speaking for itself, the BULLETIN proposes to play its part in the Edmonton that is to be at least as well as it has done in the Edmonton that has been. In every department it will keep abreast of the times and will strive to gratify its readers by furnishing them with an increased amount of later and more interesting news rather than by increasing their supply of waste paper. Telegraphic news is the BULLETIN's specialty, and ever since its first issue it has given its readers more telegrams than any other purely weekly paper in Manitoba or the North-West Territories. It has been accorded a fair amount of practical appreciation in the past and hopes for an increased amount in the future.

The break down of the telegraph line on Wednesday night prevents the confirmation of the report of the federal elections coming off forthwith. It is more than likely, however that the federal elections for the North-West at least will take place this fall. For years the people have been sighing for the opportunity now about to be given them. It is to be hoped that no petty personal, sectional, partizan or sectarian jealousy will be allowed to stand in the way of the selection of the best possible candidate. There is no necessity for any conflict of interest between the different sections of the district if each part is satisfied with justice to itself. What we in this part of the district want is opening of the odd sections, including lands held by the alleged colonization society; Reduction in the price of pre-emptions; Opening of the timber berths on the Saskatchewan west of the 5th meridian now held by speculators; Improvement of the Saskatchewan and the main trails; Opening the Mackenzie river basin to trade and settlement. Before the people of Edmonton endorse any candidate they should see that he is sound on these

questions. If they let slip their present opportunity of securing a favorable settlement it may be a long time before another occurs.

The Kamloops Sentinel complains that the C. P. R. charges \$1.80 per hundred pounds from Moody to Kamloops while the rate from Moody to Montreal is but little higher. Also that the freight rates from Calgary to Kamloops is double the rate from Hamilton to Moody. Also that a passenger ticket from Moody to Montreal costs \$30 less than one from Kamloops to Montreal. The Sentinel calls upon the government to redeem the promise of the premier when visiting B.C. that the rates would be revised; and thinks the railroad which carries so cheaply from San Francisco for the benefit of those who never sunk a dollar in the road, have no claims to such high rates from those whose money built it.

The Regina correspondent of the Winnipeg Sun remarks in referring to the opening proceedings of the North-West Council: It was observable that the nominated members did all the resolving to-day. One of the elected members complained to me of this usurpation, and I remarked that as long as the brains of the council were contained by the nominated members they would likely exercise them. This was the case everywhere."

NORRIS & CAREY,

Begin to inform their customers that they have opened a

WHOLESALE & JOBBING ESTABLISHMENT,

And are prepared to offer goods at

PRICES HITHERTO UNKNOWN

In Edmonton.

Give us a call and satisfy yourselves.

D. TULLOCH, M.D.,
PHYSICIAN, SURGEON, ETC.
Will be in Edmonton to attend to professional calls after Wednesday, Nov. 3rd next.

NORTH-WEST COUNCIL.

WEDNESDAY, Oct. 20.

Correspondence from the governor-in-council was laid on the table calling the lieutenant-governor's attention to certain clerical errors of the ordinances of last session and certain clauses which trespassed on federal rights.

Regina petitioned to have a grist mill bonus by-law for \$2,500 legalized. Referred to civil justice committee.

MacLeod moved acceptance of committee's report that no action be taken on Major Logan's petition for the free importation of cattle by the Home, Land & Cattle company. Report received. Mr. Secord had objections to make before it was adopted.

Secord-Jelly moved for a return of emoluments of clerks in the high courts of justice since last return.

THURSDAY, Oct. 21.

Richardson moved recommitment of Calgary bill to committee of the whole for amendment. Bill carried as amended.

Cayley's notice of motion "endorsing the action of the federal government in the Riel matter" was allowed to stand.

Secord-Jelly moved a committee of the elected members to devise a scheme for the division of the Territories into local electoral districts with a view to the attainment of responsible government at next session of the federal parliament. Both spoke at length declaring the right of every man to be represented. Jelly thought the main point was to get control of the subsidy granted the Territories by the federal government.

Ross and Hughes suggested the addition of the stipendiary magistrates.

Richardson and Rouleau objected to acting on the proposed committee.

The lieutenant-governor said that no doubt the people desired such a measure, but the government might not be willing to carry out the wishes of the proposed committee. In that event it would be advisable to enlarge some of the present districts, as in a few months most of the members would be going back for re-election and some might be left out on account of their districts not having sufficient population.

Perley said that Sir John had promised the delegates last winter that as soon as Assiniboia had 28,000 it would be allowed a legislature. The Territories had now 28,000, and he believed they would be allowed a legislature.

Turriff thought the government would agree to any fair proposition.

Motion carried with the addition of power to add to their number.

Turriff moved that the federal government be asked for aid towards plowing fire breaks on the prairie. Referred to committee on fire ordinance.

Perley moved to free the settlers of Belle Plain from the municipality of Qu'Appelle. Carried.

Reed introduced his bill to provide for the support of illegitimate children.

Secord moved that the federal government be asked to remit the duties on cattle to all lessees of ranches on Sept. 1st last for one year from that date. Most of the members spoke against the motion and Mr. Secord withdrew it.

Col. Irvine took his seat for the first time during the session.

FRIDAY, Oct. 22.

Dr. Wilson and bride arrived from the east this morning. He was welcomed with applause on taking his seat in the council. He presented a petition from the people of Victoria asking for \$300 for the improvement of trails. The lieutenant-gov. called attention to the fact that the petition was addressed to him and not to the lieutenant-gov. in council. Referred to finance committee.

Secord presented a petition from Dawson, Bole & Co., druggists, Regina, objecting to the 50c per gallon tax on alcohol for druggist's use and the ten gallon limit. Referred to the finance committee to report to the council in executive.

Crawford moved a committee on the gopher plague consisting of MacLeod, Cayley, Jelly, Secord, Perly, Hughes, Ross and the mover. He believed it was the destruction of foxes and coyotes that caused the gophers to increase.

Reed's bill for the support of illegitimate children was read a second time. Its object is to provide a fund, by taxing the father of the child a certain rate per month payable in advance, to enable the government to undertake the maintenance of such children. It provides that any person making default for two weeks in the payment of the sum fixed will be liable to imprisonment at hard labor for three months.

Crawford presented a petition from D. H. McMillan & Co. of South Qu'Appelle, asking the council for certain legislation respecting a by-law of the municipality of South Qu'Appelle granting them a bonus of \$10,000 for the erection of a flour mill. Referred to civil justice committee.

The redistribution committee of the council has decided to sit with closed doors.

An Indian recently shot three moose in one day near the Athabasca Landing.

W. JOHNSTONE WALKER

Respectfully invites inspection of a Splendidly Varied Assortment of

PEACE RIVER.

Rev. GUYON BRICK, Church of England missionary at Dunvegan, Peace river, arrived from that country on Saturday last. He brings specimens of this year's grain which speak well for the soil and climate. A sample of wheat from Dunvegan would compare favorably with wheat grown anywhere, and another sample grown at Old Wives' Lakes is nearly as good. It has always been considered doubtful if wheat would do well on the upland of Peace river, but this sample goes far towards settling the question favorably. Owing to lateness in getting seed it was not sown until the 12th of May and was cut on Sept. 1st. The spot where it was grown is on the trail from Smoky river to Dunvegan 24 miles from the former and 36 miles from the latter, 8 miles back from the river and 7 miles from the woods in the rear. Barley was sown at Old Wives' Lakes on May 20th and cut in the latter end of August and potatoes planted on May 1st. At Dunvegan wheat was sown on April 22nd and cut in the latter end of August, being fully five feet in height. The season this year was two or three weeks later than usual, as wheat has been sown at Dunvegan on April 12th. Mr. Brick also brought two specimens of hullless barley grown at Dunvegan and Old Wives' lakes, the grains of which are nearly twice as large as those of the ordinary six-rowed barley grown here. Potatoes and garden vegetables generally were an excellent crop. Two years ago Mr. Brick sowed a pound of fall wheat in September. It started and came up in the single blade before winter. It was not winter killed. In August of '85 he cut it and it yielded 80 pounds of clean grain. The yield of wheat has generally been from 22 to 25 bushels per bushel sown. Mr. Brick makes his own flour from his own wheat with a small hand mill. Snow generally comes about the 9th or 10th of November and remains until the middle of March. Cattle are generally turned out about the 19th of March. Last fall the snow came about December 1st and the cattle ran out until three days before Christmas. Growth of vegetation commences about May 1st and continues until the first heavy frost occurs about the second week in September. Last summer, buckwheat and cucumbers did not freeze up to September. Berries were very plentiful this year, saskatoon berries being as large as common bullets. Game was very scarce. The bears kept in the woods on account of berries being plentiful. Rabbits and lynx have disappeared, also prairie chickens, and moose are scarce. Even during the summer the Indians are very scarce of provisions, and unless an increase in the quantity of game takes place they are likely to starve this winter. The measles were just breaking out amongst them when Mr. Brick left on Oct. 6th, and four deaths had occurred already. At Lessor Slave lake up to October 12th, 66 deaths had occurred.

BELMONT SCHOOL.
